Retirement Letter to Patients

October 27, 2026

Dear Patients,

It is with a full heart and deep gratitude that I write to share the news that I will be retiring from my practice at Rheumatology Partners of Houston. At this time, I do not have plans to continue practicing medicine. My last day seeing patients in clinic will be **December 17, 2026**, and I will continue to handle administrative duties through **December 31, 2026**.

This was not an easy decision. I have spent a great deal of time reflecting on this next chapter of my life and stepping away from work that has meant so much to me is one of the hardest choices I have ever made. Over time, the demands of practicing medicine, and the increasing pressures of providing care in today's healthcare environment have led me to reflect on what I want the next chapter of my life to look like. I want to thank you for trusting me with your health, for sharing your lives and your stories with me, and for allowing me to participate in your care. Many of you I have known for years, and I will carry those relationships with me always. It has been an honor and a privilege to care for you.

As I prepare for this transition, I want to reassure that your ongoing care remains a priority and will continue without interruption. My partners, Dr. Carmen Perez-Masuelli and Dr. Kalpita Hatti, at Rheumatology Partners of Houston will continue to serve you. I have complete confidence in their medical expertise, compassion, and dedication to providing excellent care. Our wonderful staff will also remain available to help coordinate your continued care, schedule future appointments, and answer any questions you may have.

Your medical records will remain with the practice, and we will do everything we can to help make this transition as smooth as possible. If you prefer to transfer your care to a Rheumatologist outside of Rheumatology Partners of Houston, you may request that your medical records be transferred to the provider of your choice thru our partner, HealthMark Group. Information regarding the records transfer process accompanies this letter. Alternatively, you can reach the office at 281-315-8130 for assistance.

I wish each of you good health, happiness, and all the best in the years ahead.

With heartfelt gratitude,

Leslie E. Wilson, MD

Rheumatology Partners of Houston, PLLC
